

## WWCCA ALERT

WWCCA would like to take this opportunity to announce the retirement of Bob Campbell.

Bob has been involved in the building industry throughout the western states for forty five years. His first twenty eight years in Southern California entailed marketing and promotion of building products and systems to the Contractors, Suppliers and Architectural communities and involvement as a WWCCA Affiliate Member.

In June of 2002 he was hired by the WWCCA and relocated to Las Vegas as the Southwest Regional Manager, promoting and supporting its growing Contractor and Labor Union partnerships throughout the Southwest.

Bob looks forward to playing more golf, fishing, spending quality time with family and friends and traveling with his wife Debbie.

Bob would like to express his sincere appreciation to the industry for all their support over the years and wishes everyone continued success and good health.
