

## ***To the Members of Laborers Local 872***

***We are pleased to bring to you this Labor-Management Agreement. Its provisions are the result not only of the energy and effort of your Negotiating Committee, but also of the input by many of you who attended meetings, gave us ideas and finally, ratified this package.***

***Your participation is much appreciated. As you all know, we are in a period in which non-union and anti-union pressures have been relentless. It takes the constancy of the members standing solidly behind the negotiators to protect the gains we have achieved over many years of tough bargaining.***

***This union continues to prosper because it continues to offer employers a service they can't obtain in any other way than through a Union Contract. This Agreement gives a pledge to employers that they will have available top quality Laborers whose training and skills are second to none. This means that each member has an obligation to provide a fair days work for a fair days pay and to show by the excellence of his or her performance that Union Laborers are the best investment an employer can make.***

***It is good to know that I can count on each and every one of you. You have my thanks and my best wishes for a safe and secure future.***

**WITNESSETH:**

**PURPOSES:**

**WHEREAS**, it is the desire of the parties hereto to provide, establish and put into practice effective methods for the settlement of misunderstandings, disputes or grievances between the parties hereto to the end that the Contractors are assured continuity of employment and industrial peace is maintained and the business of the industry efficiently increased;

**NOW, THEREFORE** in consideration of the premises and of the respective covenants and agreements of the parties hereto, each of which shall be interdependent, it is hereby agreed:

## **ARTICLE 1 COVERAGE**

- A.** This Agreement shall apply to and cover all employees of the Contractors employed to perform or performing construction and solar work, as such employees and construction and solar work are respectively more defined hereinafter Article II, Section A and Article IX of this agreement and shall provide for the wages, fringe benefits and conditions of employment for all employees of the Employer within the recognized jurisdiction of the Laborers International Union of North America (LIUNA) Local Union 872 in the State of Nevada, and other portions of Nevada and Arizona. The recognized geographic jurisdiction of Local 872 covers the Nevada Counties of Clark, Lincoln, Nye, Esmeralda, White Pine (South of Highway 6) and the State of Arizona County of Mohave. By becoming signatory to this Agreement the Employer agrees that when performing work in other Counties in the State of Nevada, the Employer shall perform all work within the recognized work classifications of Local 872 under the terms and conditions contained in the applicable Laborer's Master Labor Agreement covering those Counties in Nevada. It is recognized that work covered by the Construction Project Agreement at the Nevada Test Site shall be excluded from the coverage of this Agreement.
- B.** All work performed in the Contractors' warehouses, shops or yards which have been particularly provided or set up to handle work in connection with a job or project covered by the terms of this Agreement, and all of the production or fabrication of materials by the Contractor for the use on this project, shall be subject to the terms and conditions of this Agreement.
- C.** All work performed by the Contractors and all services rendered for the Contractors, as herein defined, by employees represented by the Union, shall be rendered in accordance with each and all of the terms and provisions hereof.
- D.** Wage and benefit packages under the Local 872 Agreement are to be negotiated per project in Mohave County, Arizona.
- E.** Any time the masculine gender is used in this Agreement, it shall apply to the female gender. All provisions of this Agreement shall apply to male and female employees alike.
- F.** **SUBCONTRACTING** – If the Contractors, party hereto, shall subcontract job site work as defined herein, provision shall be made in such subcontract for the observance by said subcontractor of the terms of this Agreement covering such work. A subcontractor is defined as any person, firm or corporation who agrees under contract with the General Contractor, or his subcontractor, to perform on the job site any part or portion of the work covered by this Agreement, including the operation of equipment, performance of labor, and the furnishing and installation of materials.
- F.1** **SUBCONTRACTING - JOINT VENTURE**
- a.** The purposes of this Paragraph 9 are to preserve and protect the work opportunities normally available to employees and workmen covered by this Agreement, maintenance and protection of standards and benefits of employees and workmen negotiated over many years, and preservation of the right of Union employees, employed hereunder, from being compelled to work with non-union workmen.
- b.** In some instances a Contractor signatory hereto joint ventures with a non-union Contractor to bid on certain projects.

If the Contractor joint ventures with a non-signatory entity, the non-signatory entity shall not perform and/or subcontract any work covered by the classifications in this

Agreement. However, the joint venture shall be afforded the opportunity to sign a Project Agreement.

- c. In the event this joint venture is successful in being low bidder and awarded, the joint venture shall become signatory to this Agreement for this project only.

If the non-signatory partner of the joint venture refuses to become signatory, the Signatory contractor partner of the joint venture shall assume all responsibilities of the payment of wages, fringe benefit contributions and subcontract obligations for all classifications listed in the Agreement.

- G. **WORK PRESERVATION** – A Joint Labor-Management Committee consisting of Union Contractors and the Union shall be established, and have the authority to target projects for the purposes of enhancing work opportunities for Laborers and Contractors performing work pursuant to this Agreement. These special conditions shall be established on an as needed basis and shall not be deemed a contract for the purpose of Articles VI.

This Committee shall meet for the purpose of securing competitive bids for signatory Contractors when bidding against non-signatory Contractors, or bidding in a market not normally covered under this Agreement.

- H. Repairs necessitated by defects of materials or workmanship or adjustments of newly purchased and/or installed equipment or machinery, will not be subject to this Agreement when such repairs and/or adjustments are made by the manufacturer thereof or his agents or employees, pursuant to the terms of a manufacturer's guarantee and the Union will not hamper such manufacturer or his agents or employees on such exempted work.
- I. **Qualifications:** Certain qualifications, knowledge, experience, and responsibility are required of everyone desiring to become an Employer in the industry. Therefore, no individual firm or corporation shall be considered qualified to become a party to this Agreement unless it meets the following qualifications: shall maintain a permanent place of business and/or shop with a business telephone, and must possess a current Nevada State Contractor's License, when applicable.

## **ARTICLE II – UNION RECOGNITION**

- A. The Union has claimed and the Employer is satisfied and acknowledges that the Union represents a majority of the Employer's employees in an appropriate bargaining unit for the purposes of collective bargaining. The Employer hereby recognizes the Union as the exclusive bargaining agent for all employees performing work within the Union's trade jurisdiction on all present and future job sites within the Union's geographical jurisdiction. The Employer acknowledges that the Union offered to demonstrate or did demonstrate its majority status in the appropriate bargaining unit.

It is understood that the Union does not, at this time, nor will they during the term of this Agreement, claim jurisdiction over the following classes of employees: supervisors, guards and clerical workers, as defined by the National Labor Relations Act.

- B. The Union hereby recognizes the Western Wall and Ceiling Contractors Association as the sole and exclusive bargaining representatives for their respective eligible members who are, or who become parties to this Agreement. (A certified roster of eligible members will be furnished without delay to the Union at the time of signing this Agreement and when the new members are accepted.) This Union agrees that during the term of this Agreement, they will not negotiate

or enter into agreement with such members of the Associations. Parties to this Agreement shall be and continue to remain liable under this Agreement during the term hereof, even though said members shall resign from any of the participating Associations prior to the date set for the expiration of this Agreement.

**C.** In the employment of Laborers for all work covered by this Agreement, the following provisions, subject to the conditions of Article II, Section A above shall govern.

**1.** The Union shall refer qualified applicants for employment without discrimination against by reason of membership or non-membership in the Union and such referrals shall not be based in any way on rules, regulations, bylaws, constitutional provisions or any other aspect or obligations of Union membership policies or requirements. All such referrals shall be in an open and non-discriminatory basis, and in accordance with the written Referral Procedure of the Union. The Union shall maintain a register of applicants for employment based upon one or more of the following elements: length of unemployment; experience; ability; prior work for the requesting Employer; and availability to work in the geographical area of the job. Each applicant for employment shall be registered in the highest Group for which they qualify, as included in Appendix B, no Employer who is delinquent in Trust contributions shall be allowed to directly hire employees outside the Referral Procedure.

It shall be the responsibility of the Contractors, when requesting applicants to notify the Laborer that they are being requested, and to give the Union all of the pertinent information regarding the applicants' employment.

The first Laborer hired shall be selected by the Employer. The second Laborer hired shall be referred by the Union. The third Laborer hired shall be subject to the 50/50 ratio rule, the contractor may hire an Apprentice when available. 50% of all Laborers shall be furnished and referred by the Union to the Employer from those registered at the dispatching office of the Union and 50% shall be selected by the Employer. All Laborers hired by the Employer must be registered at the dispatching office of the Local Union prior to employment and receive a dispatch slip from the Local Union. Any abuse of this clause shall be cause for depriving the Employer of the above-mentioned selection rights for a period of six months. The dispatching office will furnish in accordance with the request of the Employer each such qualified and competent applicant from among those entered on said lists to the Employer by use of a written referral which will be faxed to the Employer.

**2.** Reasonable advance notice (but not later than twenty four (24) hours prior to the requested reporting time) will be given by the Contractors to the Dispatching Office upon ordering such applicants; and in the event that twenty-four (24) hours, excluding Saturdays, Sundays, Holidays, or days the referral office is closed, after such notice the Dispatching Office does not furnish such applicant, the Contractors may procure workers from any other source or sources. If Laborers are so employed, the Contractors will immediately report to the dispatching office each such worker by name and classification. Such applicant shall be directed to the dispatching office with a completed request letter and complete any necessary paperwork to be referred to said Employer.

**3.** Subject to the foregoing, the individual Contractor is the sole judge as to the competency of all his employees and applicants for employment. The Contractors may

reject any job applicant referred by the Union. All employees must perform their work to the satisfaction of the Contractor. No employees shall be discharged or discriminated against for activities on behalf of, or representation of the Union not interfering with the proper performance of his duties.

4. The Union shall post in places where notices to applicants for employment with the Contractors are customarily posted, all provisions relating to the functioning of the hiring arrangements, including the provisions set forth in Article II of this Agreement.

5. All of the parties signatory hereto agree that any and all liability which may arise to any person in any proceedings in any court, or before any governmental agency, in connection with carrying out the provisions of this Article, shall be several only. This limitation against joint liability is deemed necessary by the parties because of the fact, recognized by each of them that the parties will act severally, and not jointly, in such matters, and will, in so acting, not be subject to the control of any of the other parties.

6. The parties also recognize that in some instances involving work to be performed for public authorities, preference must be given to an applicant residing in the area in which the work is located. In order to reconcile this contractual obligation with the hiring procedures herein agreed to, the parties shall meet in a pre-job conference as provided in Article XVII, Paragraph 1-C.

7. Employees shall submit proper identification when reporting for work. No show up time or subsistence shall be paid to employees without proper identification.

8. The Employer shall be required to discharge any employee pursuant to this section within ten (10) days after receipt of written notice that said employee has failed to become or remain a member in good standing. Notwithstanding anything to the contrary there in this Article II shall not be applicable if all or part thereof shall be in conflict with applicable law.

**ARTICLE III  
STRIKES – LOCKOUTS  
JURISDICTIONAL DISPUTES**

**A.** It is the purpose and intent of the parties hereto that, except for: a) jurisdictional disputes; and b) claims, disputes and demands arising out of the Contractor's fringe benefit contribution obligations set forth in Articles XXIII and XXIV, all grievances or disputes arising in the interpretation or application of the terms of this Agreement shall be settled by the procedure set forth in Article IV hereof, and that except as provided for in Article XXIV, the Union, in whose behalf this Agreement is made, shall not call or engage in, sanction or assist in a strike not herein provided for against, or any slowdown or stoppage of the work of, the Contractor, and will require the employees it represents to perform their services for the Contractors on the work described herein when required by said Contractors to do so; and during the term of this Agreement, a Contractor signatory to this Agreement shall not cause or permit any lockout of the employees represented by the Union or on whose behalf this Agreement is made on work described herein. It shall not be cause for discharge or disciplinary action in the event an employee individually refuses to go through or work behind any picket line, provided that said picket line is in connection with a lawful labor dispute, sanctioned by the Southern Nevada Building and Construction Trades Council.

**B.** If a signatory Contractor is performing work on a project as a subcontractor during the construction of which such project is declared to be unfair by the Building and Construction Trades Council, and the work thereon is stopped for that reason, neither the Council, nor the Union shall be deemed to have violated this Agreement if during the period of said stoppage of work, the employees represented by such Union fail to perform their work on said project for the Contractor.

For the purpose of this Article III-B, "Subcontractor" is understood to mean where the signatory Contractor is doing only a part of the whole project, and applies where the signatory Contractor has received the contract for his portion of such a project from the General Contractor on the project.

**C.** All jurisdictional disputes shall be reduced to writing and submitted to the General Presidents of the affected Unions for final resolution – 1. Area Practice 2. Local Agreements is the order in which jurisdiction shall be determined in Southern Nevada, the Contractor or his representative will be present at all local meetings to protect his interests and those of his client. It shall not be cause for discharge or disciplinary action in the event an employee individually refuses to go through or work behind any picket line, provided that said picket line is in connection with a lawful labor dispute, sanctioned by the Southern Nevada Building and Construction Trades Council.

**D.** Nothing contained in this Agreement or any part thereof, or in this Article III or any part thereof shall affect or apply to the Union on whose behalf this Agreement is executed, or any of them, in any action they may take against any Contractor who has failed, neglected or refused to comply with or execute any settlement or decision reached through arbitration under the terms of Article IV hereof or any decision reached by the General President of the Union signatory to this Agreement under Section C above.

**ARTICLE IV  
BUSINESS AGENT AND JOB STEWARD  
AND SETTLEMENT OF GRIEVANCES  
AND DISPUTES**

**A.** When employees covered by this Agreement are employed on a job, the Union shall designate a Job Steward, who shall be a Laborer referred to the Employer by the Union. The Job Steward shall perform his/her duties as Job Steward with the least amount of inconvenience to the Employer and the Employer shall allow the Job Steward a reasonable amount of time for the performance of such duties. The Job Steward is to work as an employee and not use the position as a Job Steward to avoid performance of the Job Stewards' duties as a Laborer. On overtime work, the Job Steward shall always be the second Laborer employed for overtime work if he is qualified to perform such work. The Job Steward is to work up to the completion of the job and shall be the second-to-last Laborer to be discharged as long as he/she is qualified to perform the remaining work.

**B.** The Job Steward may be discharged for cause. If the Job Steward is discharged without cause, the Job Steward shall be paid for all lost time up to 30 days only. The Union reserves the right in its sole discretion to remove any Job Steward as Job Steward. Prior to any lay-off of the Job Steward, the Contractors agree to notify the Union in writing 24 hours in advance and agree to meet with the Union if requested.

- C. The Job Steward shall be provided, upon his/her request, with the name, social security number, and Employer copy of the Union's referral for all newly hired or transferred Laborers.
- D. The term Job Steward as used in this Agreement means only those employees covered by this Agreement who have been trained and hold a current certification by the Union to serve as Job Steward.
- E. The Job Steward shall monitor the Employer's compliance with the Agreement and shall receive disputes from covered employees. In the event that the Job Steward becomes aware of a grievance, the Job Steward shall immediately report it to the business agent or special representative who shall immediately attempt to adjust said grievance or dispute with the Contractor or his representative in accordance with the procedures set forth below. The Job Steward shall not stop the individual Employer's work for any reason or tell any employee covered by this Agreement that he cannot work on the job.
- F. Such business agent or special representative or other previously designated representative of the Union and/or Trust Funds shall have access to the project during working hours and shall make every reasonable effort to advise the contractor or his representative of his presence on the project. The Trust Fund representative shall be accompanied by a business agent or have prior approval from the Contractor.
- G. **Grievance and Arbitration Procedure** Except as otherwise provided in this Agreement, and except for: a) jurisdictional disputes; and b) claims, disputes and demands arising out of the Contractor's fringe benefit contribution obligations set forth in Articles XXIII and XXIV, all disputes or grievances arising out of the interpretation or application of any of the terms or conditions of this Agreement shall be submitted for determination and be resolved by the procedures set forth in this Article. The Employer shall have the right to file a grievance under this Article, and further agrees to waive its right to file any lawsuit alleging a breach of contract.

No grievance, dispute or complaint shall be recognized or have any validity unless called to the attention of the Contractor, in writing, by an authorized representative of the Union within fifteen (15) days of the time the circumstances giving rise to the grievance first occurred or of the time the Union reasonably should have known of the occurrence. The Contractor or his representative shall meet with the representative of the Union, and attempt to adjust the grievance between them on a job-level basis as promptly as possible, but in no event later than five days after notice of the grievance was given. If the parties at this step cannot resolve the grievance within the five day period, either party may notify the other party involved in writing that it invokes the next step.

If a settlement is not reached within five (5) days, the matter shall be submitted to a Board of Adjustment, appointed as follows: The Employer involved shall appoint two (2) members, or his designated representative, and the Union shall appoint two (2) members. A simple majority vote of the Board of Adjustments shall be final and binding on all parties and the grievant. In the event the Board of Adjustment does not reach a majority decision within three (3) days after a referral of the issue to the Board, either or both parties may refer the dispute or grievance to arbitration, and within fifteen (15) days, the grievance shall be referred to an impartial arbitrator for a final and binding decision. In the event the parties cannot agree upon the selection of an arbitrator, one shall be selected from a list of seven (7) names provided by the Federal Mediation and Conciliation Service.

The arbitrator's fee and all incidental expenses shall be paid equally by the parties. The arbitrator shall have no authority to modify, vary, change, add to, or remove any of the terms or conditions of this Agreement. The Arbitrator may award, amongst other appropriate remedies, wages and/or fringe benefits. The Arbitrator may not award the cost of presenting or defending the grievance to either party.

- a. There shall be established by this Agreement a Joint Labor Management Committee consisting of two (2) members appointed by the Union and two (2) members appointed by the Association, whose duties, among other things, shall be to meet quarterly and review issues of concern relating to the application of the Agreement.

Recommendations of the Joint Labor Management Committee shall be promptly referred to the negotiating parties to this Agreement for consideration.

#### **ARTICLE V CONFLICTING AGREEMENTS**

This Agreement supersedes all existing labor agreements heretofore in effect between the Contractors and the Union.

#### **ARTICLE VI QUALIFICATIONS, MOST FAVORED NATIONS**

- A. Each of the parties hereto warrants and agrees that it is under no disability of any kind, whether arising out of the provisions of its Articles of Incorporation, Constitution, By-Laws, or otherwise that will prevent it from fully and completely carrying out and performing each and all of the terms and conditions of this Agreement, and further that it will not by the adoption or amendment of any provision of its Articles of Incorporation, Constitution or By-Laws, or by contract or by any means whatsoever take any action that will prevent or impede it in the full and complete performance of each and every term hereof. The warranties and agreements contained in this paragraph are made by each of the signatories hereto on his own behalf and on the behalf of each organization for which it is acting hereunder. The individuals signing this Agreement in their official capacity and the signatories hereto hereby guarantee and warrant their authority to act for and bind the respective parties or organizations whom their signature purport to represent, and the local union on whose behalf the said parties are signing the said Agreement.
- B. This Agreement contains all of the covenants, stipulations and provisions agreed upon by the parties hereto and no agent or representative of either party has authority to make, and none of the parties shall be bound by nor liable for any statement, representation, promise, inducement or agreement not set forth herein; that any provision in the working rules of the Union, with reference to the relations between the Contractors and their employees, in conflict with the terms of this Agreement shall be deemed to be waived and any such rules or regulations which may hereinafter be adopted by the Union shall have no application to the work hereunder.
- C. If, within the jurisdiction of this Agreement, the Union enters into any agreement with any employer or association that provides, contains or otherwise permits more favorable terms or conditions of employment to such employer or association than are provided for in this Agreement, then the Union shall notify the Association of such other agreement containing more favorable terms or conditions and each Contractor shall have the option to assume such other agreement. This Section does not apply to any site specific changes to terms and conditions that are granted under the Work Preservation provision in this Agreement or to any

other collective bargaining agreement entered into by the Union which does not apply to on site construction and/or solar work.

### **ARTICLE VII – HOLIDAYS**

The following days are recognized as holidays for employees herein classified: New Years Day, Washington’s Birthday (President’s Day), Memorial Day, Independence Day, Labor Day, Veteran’s Day, Thanksgiving Day, Friday after Thanksgiving Day, and Christmas Day. If any of the above holidays should fall on Sunday, the Monday following shall be considered a legal holiday. Work on such days shall be paid for at the respective crafts holiday rate of pay. No work shall be required on Labor Day, except in the case of extreme urgency when life or property is in imminent danger.

Either party shall thereafter have the right to submit a dispute under this Section in the manner set forth in Article IV. In the event another Union lays claim to work not covered by a classification herein, the Contractor shall make the assignment and temporary classification and the disputing claims shall be a jurisdictional dispute and treated as such strictly in accordance with the provisions contained in Article III.
  
- B.** The number of employees and the number of classifications of employees required to perform any operation covered by this agreement shall be determined by the Contractor, provided that if a Contractor, in determining the number of employees or the number of classifications of employees, shall lessen the number of employees customarily used to perform any such operation, the Union may have the issue of such reduction in employees or in classifications determined by the grievance and arbitration procedure provided in Article IV of this Agreement. In determining such disputes, consideration shall be given to the necessity for additional employees or classifications as well as to other pertinent factors.
  
- C.** Because the Contractors and the Union recognize the necessity of eliminating restrictions on production and promoting efficiency, nothing shall be permitted that restricts production or increases the time required to do the work, and no limitation shall be placed on the amount of work which an employee shall perform, nor shall there be any restriction against the use of any kind of machinery, tools, or labor saving devices; provided however, that no employee shall be required to work under any conditions that are injurious to his health or safety in conflict with a present well established custom regulating such use where the work is being performed, including, but not limited to, the operation of equipment.
  
- D.** Wage rates shall be recognized as applying to classifications rather than to employees and any employee performing work shall be paid at the rate which the classification of his work calls for, except when it is necessary to temporarily transfer employees from one classification to another

in which event such employees shall be paid on the basis of the highest rate and the duration of payment at the highest rate shall be reckoned by the day.

When such transfers involve the classifications of more than one craft, it shall not be necessary for the operation of this policy that the employee be referred to the project by more than one union or employed at classifications of more than one craft. - C.** There shall be a minimum length of training of 4,320 hours consisting of 4,000 hours of on-the-job training and 320 hours of related training, including classroom instruction. For additional Journeymen, a continuation of these ratios will apply. (These ratios will be effective, and can be amended from time to time, only after approval by the Nevada State Apprenticeship Council and/or the Bureau of Apprenticeship and Training.)

NOTE: Section XIV, entitled “Ratio of Apprentices to Journeyman” of the Apprentice Standards does not specifically address the application of the ratios to multiple work sites of ambulatory contractors. Therefore, upon inquiry or appeal by an ambulatory contractor, the Trustees will interpret the ratios set forth in Section XIV to apply to the employer’s journeymen work force as a whole, and not to a particular work site of the ambulatory contractors.

**APPENDIX A  
DRUG AND ALCOHOL ABUSE DETECTION  
AND PREVENTION PROGRAM**

The parties recognize the problems which drug abuse have created in the construction industry and the need to develop drug abuse prevention programs. Accordingly, the parties agree that in order to enhance the safety of the workplace and to maintain a drug and alcohol-free work environment, individual Employers may require applicants or employees to undergo drug screening. The parties agree that if a screening program is implemented by an individual Employer, the following items have been agreed upon by Labor and Management.

1. It is understood that the use, possession, transfer, or sale of illegal drugs, narcotics, or other unlawful substance is absolutely prohibited while employees are on the Employer's job premises or while working on any site in connection with work performed under the applicable agreement.
2. All applicants or newly hired employees will undergo a drug screen at the direction of the Employer, but not later than five (5) days after commencement of work, at a facility agreed upon by the Employer and the Union. The Employer agrees to pay each applicant or employee who takes and passes the drug screen tests for all the time it takes to undergo the drug screen up to a maximum of two (2) hours travel time plus lab time.
3. Applicants not passing the drug and/or alcohol screen will not be placed on the Employer's payroll or receive any compensation. Employees not passing the drug and/or alcohol screen will be removed from the Employer's payroll. The Employer agrees to pay the cost for administering the drug and/or alcohol screen. Applicants not passing the drug or alcohol screening will be subject to the terms and conditions set forth per the employment regulations for that project.

4. The Employer may require that an employee be tested for drugs and/or alcohol where the Employer has reasonable cause to believe that the employee is impaired from performing his/her job. Observation must be made by at least two (2) persons, one (1) of whom must be a Union employee. This provision shall be applied in a non-discriminatory manner. For employees who refuse to take a test where the prerequisites set forth in this paragraph have been met, there will be a rebuttable presumption that the test result would have been positive for an unlawful substance.
5. An Employer may require that an employee who contributed to an accident be tested for drugs and/or alcohol.
6. There will be no random drug and/or alcohol testing by the signatory Employer.
7. It is understood that the unsafe use of prescribed medication, or where the use of prescribed medication impairs the employee's ability to perform work, is a basis for removal.
8. A sufficient amount of urine sample shall be taken to allow for an initial test and a confirmation test. The initial test will be an Enzyme Multiplied Immunoassay Technique (EMIT) or an oral swab test approved by a Substance Abuse and Mental Health Services Agency (SAMHSA) certified laboratory. In the event a question or positive result arises from the initial test, a confirmation test must be utilized before action can be taken against the employee or applicant. The confirmation test will be by Gas Chromatography - Mass Spectrometry (GC/MS). The cutoff levels for both the initial test and confirmation test will be those established by the National Institute of Drug Abuse. Confirmed positive samples will be retained by the testing laboratory in secured long term frozen storage for a minimum of one (1) year. Handling and transportation of each sample must be documented through strict chain of custody procedures.

Any applicants who have been informed prior to referral of Employers requirements to pass a drug test and accept a referral and fails an Employer or Union required drug or alcohol test or is discharged for possessing, using or being under the influence of drugs or alcohol on the job shall be removed from the out-of-work-list for:

- 1<sup>st</sup> offence = 30 days
- 2<sup>nd</sup> offence = 90 days
- 3<sup>rd</sup> offence = 1 year

Additionally, the applicant must present the Union with documentation of the completion of an appropriate rehabilitation or counseling program. After the second offence, the applicant shall be responsible for rehabilitation and counseling at his or her own expense. The imposition of the suspension from the list shall not commence until the applicant returns to or re-registers for the out-of-work-list. The applicant will be responsible for re-registering again on the out-of-work-list after the specific suspension and they will be placed at the bottom of the list.

9. Present employees, if tested positive shall have the prerogative for a rehabilitation program at the employee's expense or through the Union's Health and Welfare Trust, if applicable, and so desired. When such program has been successfully completed, the Employer shall not discriminate in any way against the employee. If work for which the employee is qualified exists, he/she shall be reinstated.
10. Any dispute which arises under this drug and/or alcohol policy shall be submitted to the grievance and arbitration procedure set forth in the applicable Agreement.

- 11.** In the event an individual Employer is required, as a condition of contract award, to abide by the terms and conditions of an owner's drug and/or alcohol policy, the Employer will notify the interested Unions in writing prior to implementing such policy and shall be discussed at the pre-job conference.
- 12.** The established or operation of this policy shall not curtail any right of an employee found unlawful by a court of competent jurisdiction or a public agency having jurisdiction over the parties, the remaining portions of the policy shall be unaffected and the parties shall enter negotiations to replace the affected provision.
- 13.** The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits, or liabilities that may arise solely out of the Employer's application of the Substance Abuse Program.
- 14.** There will be no individual random drug and/or alcohol testing by the signatory contractor. The Employers will be allowed to conduct periodic job site drug and/or alcohol testing on construction projects under the following conditions:
  - 1.** All employees of the Employer on the job site must be tested; including office staff and Supervisory personnel.
  - 2.** Job site testing cannot commence sooner than thirty (30) days after start of the work on the project;
  - 3.** Prior to the start of periodic testing, a Business Rep will be allowed to conduct an educational period on Company time to explain the periodic job site drug and/or alcohol testing program to the affected employees;
  - 4.** Job site testing, including collection, retention and testing of specimens shall be in accordance with SAMHSA rules for safeguarding the integrity and accuracy of such tests and conducted by a laboratory certified by SAMHSA.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement, to be executed by their duly authorized representatives as of this 1<sup>st</sup> day of July 2013.
